

# Diesel Boy, Damaged

Here she comes in her purple Doc Martens  
Got an earring thru her nose  
She's got chains on her leather jacket  
You better watch out cuz I know her  
Here she comes  
Walking down the avenue  
Better watch out  
She'll walk all over you  
And I know one thing  
And I'll tell you that's she's truly damaged  
If you don't believe me  
You can find out for yourself  
Wo-oh, wo-oh, walk all over you  
Here she comes walking oh so smart  
She's got everything you know

Diesel Boy on her leather jacket  
You better watch out cuz I know her
