

Diesel Boy, Schmoozphesus The Great

We're going out tonight its time to kick some ass
My wallets full of green and I got my backstage pass
I'll smile and smoke a lot, can I buy you another drink?
Lets talk about my band, we're amazing don't you think?
I'll kiss your ass to get anything
I gots to have me that brass ring
And forget your name
But that's just how we play this game
Why should I bust my ass if you can help me out?
I'll just keep sniffing the butts of anyone with clout
Pretty soon I'll make it big with all the schmoosing that I do
And when you need a hand I'll piss all over you
