

# Diesel Boy, Shining Star

I drive by your house its late  
Your silhouette  
In the window  
I want to stand on your front lawn  
With a radio  
Playing our song  
Like John Cusack  
In Say Anything  
But acting scares me  
And so does everything  
You'll always be my shining star  
And I wonder how you are  
And why you haven't called  
I miss the way you look at night  
Standing before me  
In just your panties  
I want to get lost in your hair  
I want to feel you  
Like I used to  
And do you miss me?  
Like I miss you  
Remember our tree?  
The way I kissed you
