

# Diesel Boy, Voyeurotica

I sneak around to the backdoor  
So I can watch her  
I love to watch her  
And some nights I get lucky  
She gets undressed  
And bares her breasts  
My heart races out of time  
Through her window she's all mine  
And I don't even know her goddamn name  
But I'm a voyeur just the same  
Beneath the bathroom window  
I stand in flowers  
To watch her shower  
Sometimes she'll dance for me  
A private show  
A standing O  
Some nights I just stand there in awe  
As she removes her lacy bra  
Well maybe I'm a perverted freak  
But you can't beat free pornography
