

Diffuser, Here's To You

here's to you
and all your loving thoughts
here's to you
you're such a fuckin' whore

here's to you
for bringing me down
here's to you
i'm glad you're gone now
ain't it true
what comes round goes around
here's to you

lured me in
and then you led me on
used me up to get just what you want
shards of sweat will cut you tenfold
when you realize you are all alone

here's to you
for bringing me down
here's to you
I'm glad you're gone now
ain't it true
what comes round goes around
here's to you

I always thought I was number one to you
but looking back I never even was your number two

here's to you (here's to you)
for bringing me down
here's to you (here's to you)
i'm glad you're gone now
ain't it true
what comes around goes around
here's to you (what comes around goes around)
here's to you (i'm glad you're gone now)
ain't it true
