

Diffuser, Last Time I Saw Memphis

And the sparks are stacked
For a Southern Girl
She raised her popcorn bag
To the Blue Suede World
Should I take you back? Should I stay? Let's just wave.
Say Goodbye (6 times)
Lipstick to the mud
Chewing up old times
I can't forget enough
For the rest of my life
Should I take you back? Should I stay? Let's just wave.
Say Goodbye (6 times)
I walk in the space between Jesus freaks and velvet geeks
Around myself and back again
Hoping just to find myself,
But all we are is all we'll ever be
Say Goodbye (8 times)
