[Featuring Black Spooks]

Yo wake up it's the D crew up in here with the Black Spooks  
And we bout to drop it on y'all...y'all best get a clue  
Fool get a clue get a clue get a clue.  
Now everybody wanna tell everybody who to be with  
Really doesn't matter to me long as I miss that H I V shit  
And AIDS ain't the end of the world girls and us do kinky stuff  
And theres way to muff without the fluids touchin  
Never hide the truth if my body and hair is sacred  
Then why we can't be naked in public  
It's totally natural like sex is but this is  
A law that had to be made by men with itty bitty penises  
The streets of this world they are my playground I explore them  
Meet somebody I don't like and I ignore them I don't destroy them  
They way that you know who be he want me to hate like he hate  
But I got too much m poopoo doo with me  
Chorus:  
Fool get a clue it's a new game  
Can't be trippin on you I go my own way  
Players gonna play with who they wanna play with  
People gonna always lay with who they wanna lay with

Well it's the B-L-A-C-K to the S-P double O-K  
It don't matter what another man say  
I'm gone still do it all my way  
Cause I'm slick like C-Bo's quick  
I don't wanna be down with yo gross click  
I just wanna snap photo flicks  
With a freaky little trick puffin dodo sticks  
I can live foul as dirt road hicks  
I can make three plus two make six  
Cut with verbal scrapes and nicks  
I'm as ill as chicks with dicks  
Scuff my kicks I'm bustin licks  
Openin somebody up like Vicks  
Purchase ism by the bricks  
Plus I brick city hoes I picks  
All in yo mix as I ease betwixt  
Like sitcom vix be greasin dicks  
I be skeezin chicks
