## Digital Underground, The Danger Zone

[Listen while they're comin man hurry up with the party dog shh be quiet]

[Shock G]
Enter a new dimension
Can't you feel the tension
Ever heard the word prevention
Well you really need to pay attention
You only need a little bit
So you want another hit?
Call emergency on the telephone
You're in the danger zone

[Erick Sermon x4] " Just lounge, you're in the danger zone "

[Verse One: Shock G]

You're in the zone, when you need another upper (another upper)

You took a slip and goin out like a sucker (like a sucker)

Matter of fact, you're more than just slippin

You're way beyond control, you're on a mission (on a mission)

You walk right through a wall

To get a twenty, a forty or an Eight Ball

And once you enter this area

There ain't nothin scarier, all I wanna say to ya

Is just back the hell up (back the hell up)

You need to go where they let you do your thing in a cup (thing in a cup)

And you take a diagnosis

You see your boy Shock G wrote this (wrote this)

To open up your mind

Do you know who I am, deliverer of a rhyme

My job is to verbally slay suckers

Like an uzi spray motherfuckers (spray motherfuckers)

The Underground is gonna get ya

Now pay attention you're about to enter

Into a new dimension

Can't you feel the tension

I'm sure you heard the word prevention

So like I said pay attention

You only need a little bit

Ya still want another hit?

Even if it's home-grown

Yo, you're in the danger zone

[Erick Sermon x8] &guot; Just lounge, you're in the danger zone &guot;

[Verse Two: Kenny K]

On the corner, I see cocaine addicts (cocaine addicts)

Givin static and about to go at it (bout to go at it)

And then you hear somebody holler

(Who was it K?) It was Dopefiend Carla

She was waitin on a winner (on a winner)

That HOE, every night she has crack for dinner (crack for dinner)

But everybody's basin

Even the suckers who are runnin this nation

YES, I'm pullin no punches

The government gets drugs in bunches

Shock G get the nine

But don't shoot until I finish my rhyme

This zone, makes suckers stop breathin (stop breathin)

Sweat bullets drop down to their knees and

Start beggin for your pipe cause you're all in

Sometimes you can feel yourself fallin

[Shock G]

Into a new dimension
Can't you feel the tension?
Don't let me forget to mention
The Underground is puttin their two cents in
What's the matter, feelin blue?
Does this record bother you??
If so, you need to leave it alone
You're in the danger zone

[Erick Sermon x8] " Just lounge, you're in the danger zone "

[Verse Three: Shock G]

Caught a red light downtown (downtown) Freak was on the tip, cause my window was down Stuck her head in the car, it was Dopefiend Carla She said " Can you spare five dollars? I said hell no She said "I'm not asking for much" I said bitch, I'd rather give a crippled crab a crutch (crab a crutch) She said &guot; Why you wanna clown me&guot; I said "It's simple, I don't like fiends hangin round me Can't you see, that you got a disease? You weight sixty-six pounds, down from a hundred and three" The light turned green and I was gone She was livin in the danger zone It's a new dimension Can't you feel the tension You recognize this sound Go on, just put the pipe down What's the matter, feelin blue? Does this record bother you?? If so you need to leave it alone Punk, you're in the danger zone
