

# Dihydrogen Monoxide, Only A Phase

I don't know where I'm going,  
Only know where I've been.  
Still can't find true love,  
But at least I have my friends.

They say that the journey,  
Is more important than the end.  
So I'm living the best I can,  
with my honor to defend.

All through my life,  
Something's been missing.  
I still don't know what it is,  
And I'm still searching.

The only choice is not to give up.  
It's hard to do, but it must be done.  
Only you can make it fun.  
Life is the only thing worth living to do.  
So make the best of it,  
For it's up to you.

It's only a phase.  
Life is only a phase.  
It's only a phase,  
We all go through.  
It's only a phase.  
Life is only a phase.  
It's only a phase,  
We all go through.

It's going to take a little time from me.  
It's going to take a little effort from you.  
It's going to take a little work from us,  
But working together,  
Is going to make it better.  
So make it better!

All through my life,  
Something's been missing.  
I'm still looking and I need help,  
Help from you.

Can you help me out?  
I can't do it alone.  
I just wanna know.  
So come on, make it known to me!

It's going to take a little time from me.  
It's going to take a little effort from you.  
It's going to take a little work from us,  
But working together,  
Is going to make it better.  
So make it better!

Life is only a phase.  
Can you help me out, now?  
Life is only a phase, that we all go through.

It's only a phase.  
Life is only a phase.  
It's only a phase,  
We all go through...  
So let's make it right.

It's only...(only a phase)  
Life is only...(only a phase)  
Make it right...(make it right)  
Help me tonight...(tonight)  
It's only a phase,  
Don't give up,

Because, it's only a phase.  
Life is only a phase.  
It's only a phase,  
We all go through...  
So let's make it right.

Let's make it right...this life
