

DIKKO, In the night

In the night

All the things that you say that you want to

Deep in the night

It's a matter of time we collide

In the night

Na, na, na, na, na

In the night

Na, na, na, na, na

In the night

/2x

You know that I said

To want you take you higher

And then come again

To life how we desire

You know that I said

To want you take you higher

In the night

Na, na, na, na, na

In the night

Na, na, na, na, na

In the night

/2x
