

DIKKO, In the night

In the night
All the things that you say that you want to
Deep in the night
It's a matter of time we collide

In the night
Na, na, na, na, na
In the night
Na, na, na, na, na
In the night
/2x

You know that I said
To want you take you higher
And than come again
To life how we desire
You know that I said
To want you take you higher

In the night
Na, na, na, na, na
In the night
Na, na, na, na, na
In the night
/2x
