==English translation==

The rain hurts me,  
reminds me of you  
The fire that we love  
swallowed you up

I am half  
you are gone  
The memory alone  
is burning up

Where are you?  
Where are you?  
Where are you?  
I miss you

Life is difficult  
bereaves me of all  
In war, all hope dies,

one more defeat

I am half  
you are gone  
The memory alone  
is burning up

Where are you?  
Where are you?  
Where are you?  
I miss you

I find you within me  
your face dissolves  
Happiness disappeared  
since you went away

Where are you?  
Where are you?  
Where are you?  
I miss you
