

Dilana, Kissed A Butterfly

Remember when we took a trip
All the way from jersey to la
I got a fake id
You took your brothers chevrolet

Car broke down in atlantic city
We didn't even have a place to stay
Uh-huh, uh-huh
The slot machine took everything
Yeah, i guess we pissed all away
Uh-huh, uh-huh

You left me naked at the door
My heart scattered on the floor
When i looked at you, you turned the other way
Oh, i never saw it comin'
I kissed a butterfly, uh-huh, uh-huh
I kissed a butterfly, uh-huh, uh-huh

I guess i should have listened to my best friend
When she said, huh, he's somethin' else
Uh-huh, uh-huh
She said, so he's good in bed, well, so am i
I bet you never touch yourself
Uh-huh, uh-huh

I turned my back on all my friends
Changed my number, changed my plans
I moved to jersey to start a brand new life
Oh, i should've seen right through you
I kissed a butterfly, uh-huh, uh-huh
Kissed a butterfly, uh-huh, uh-huh

I remember how you said you loved me
On the very first day
You said you'd never hurt me, baby
But you hurt me anyway

You left me naked at the door
My heart scattered on the floor
When i looked at you, you turned the other way, yeah
I should've seen it comin'
I never saw it comin'
I never saw it comin'
I swear i never saw it comin'
I should've seen it comin'

When i kissed a butterfly, uh-huh, uh-huh
Kissed a butterfly, uh-huh, uh-huh
Yeah, i kissed a butterfly, ya, ya
Uh-huh, huh
