

# Dilana, Solo

Solo heaven sold to the aliens mars is covered in dust  
The moonlight lost it's romantica & the stars are full of rust  
The hills are gone with the indians the mountains all disappeared  
The desert sank into the ocean like the sun into the sea  
Oh is there anyone listening is there anyone there  
Is there anyone wondering why I'm the only one here solo  
Now the earthlings have vanished into thin air  
All the animals got back in the boat  
The three said to the atmosphere take me with you when you go  
Oh is there anything worth livin' for  
Is there anything alive? Am I the only one who gives a damn  
Trying to get it right solo  
It's quiet now, hush little baby don't say a word  
Mamma's gonna buy you a brand new world  
Hush little baby don't you cry it's alright, it's alright now  
Can you hear me calling you can see me hurt  
Can you see me reaching out for you alone in this world
