

# Dimension Zero, Di'i Minores

No more shall we speak  
No more shall we part  
United in a lower kingdom  
Created for a useless reason

We are lower  
Than you ever can believe  
We are stronger  
Than you ever will experience

TIME TRAVELS FAST  
SOMETIMES ITS SLOW  
THE LONGER YOU LAST  
THE DEEPER YOU GO

There is a cage  
Filled up with rage  
There is a flu  
Waiting for you

Premonition is a loss and for you denied

In another world  
And a different stage  
I'll be the sky  
Looking down on you
