

Dina Carroll, Almaz

She only smiles
He only tells her
That she's the flowers, the wind and spring
In all her splendour
Sweetly surrendering
The love that innocence brings

Almaz
Pure and simple
Born in a world where love survives
Now men will want her
'Cos life don't haunt her
Almaz
You lucky, lucky thing

Now I watch closely
And I watch wholly
I can't imagine love so rare
She's young and tender
But will life bend her
I look around, is she everywhere

Almaz
Pure and simple
Born in a world where love survives
Now men will want her
'Cos life don't haunt her
Almaz
You lucky, lucky thing

He throws her kisses
She shares his wishes
I'm sure he's keen without a doubt
With love so captive
So solely captive
I ask if I could play the part

Almaz
Pure and simple
Born in a world where love survives
Now men will want her
'Cos life don't haunt her
Almaz
You lucky, lucky thing

Almaz
You lucky, lucky thing
Almaz
You lucky, lucky thing
