

# Dinosaur Jr., Gettin Rough

I know you're waiting  
I'm through relating  
I've had enough  
I'm sick of reading  
My interest fading  
It's looking up  
I know I've been that way too long  
Between our own useless  
Tide it over  
It's getting slower  
Time for a change  
Falls the prison  
Don't wanna live in  
Expand my range  
I know I've been that way too long  
I know it's useless  
The charm is gone  
Time to move on  
I'm ready now  
The questions, how?  
I'll keep on pushin'  
Throw out the cushion  
I need to do this  
Beyond the darkness  
There must be one kiss  
So give me hope  
I know I've been that way too long  
Get the move on
