

# Dio, Caught In The Middle

Looking inside of yourself  
You might see someone you don't know  
Maybe it's just what you need  
Letting the river in you flow

You can sail away to the sun  
And let it burn you while you can  
Or walk a long bloody road  
Like the hero who never ran

You'll feel it  
You'll feel it  
You'll feel the rush of it all

Flying away into the clouds  
You know you're losing your control  
Finding your way in the dark  
Like some poor forgotten soul

You'll feel it  
You'll see it  
You'll feel the rush of the city lights  
You'll feel it  
I see it in your eyes, you're

Caught in the middle  
Just like the way you've always been  
Caught in the middle  
Helpless again

Looking inside of yourself  
You might see someone you don't know  
Maybe it's just what you need  
Letting the river I know that's in you flow

You'll feel it  
You'll see it  
You'll feel the rush of thunder  
You'll feel it  
I see it in your eyes, you're

Caught in the middle  
Just like the way you've always been  
Caught in the middle  
Helpless again
