## Dio, I

I am anger Under pressure Left in cages A prisoner The first to escape

I am wicked I am legion Strength in numbers A lie The number is one

## Chorus:

1-1-1

Everything that I see is for me

Yes, I am giant I'm a monster Breaking windows In houses Buildings of glass Rebel rebel Holy outlaw Ride together Don't try it The power's in one

## Chorus:

I - I - I I am standing alone But I can rock you I - I - I

On the edge of the blade But the knife can't cut the hero down

I am virgin
I'm a whore
Giving nothing
The taker
The maker of war
I'll smash your face in
But with a smile
All together
You'll never
Be stronger than me

## Chorus:

I - I - I
Right here on my own
But I still rock you
I - I - I
Don't follow behind
Just leave me on the outside

I am standing alone
But I can shock you
I - I - I
On the edge of the blade
But no one makes the hero bleed
( No, no , no )

I am hunger Feed my head All together You'll never Never make the hero bleed ( No, no, no )
