Dio, In Dreams

Help me
Save me
I've just crossed the line where reason might betray me

Wake me
Oh shake me
Send a message to my brain before they take me
How can I get through to you that wishes just come true
In dreams

Oh don't go
No don't dare
'Cause the journey drives you mad before you get there
Help me
Oh save me
I'll be glad to give you back the hand you gave me

How I can get through to you that wishes do come true
In dreams
In your dreams

If I'm a river then you're the sea
Somewhere you'll find me
Alone swimming here in the ecstasy
If I'm silence you must be scream
But I don't hear you
I'm in a place that I've just never seen before

No, don't go
You'll never save me
I've just slapped away that helping hand you gave me
Don't wake me
No, don't you shake me
Here's a message from my brain, you'll never take me

How can I get through to you that wishes do come true
In dreams
In my dreams
