Dio, Voodoo (Live)

Say you don't know me, you'll burn you can refuse, but you'll lose, it's by me Say you don't want me, you'll learn nothin you do will be new, 'cause I'm through

Call me a liar, you knew you were a fool, but that's cool, it's all right Call me the Devil, it's true some can't accept but I crept inside you

So if a stranger calls you Don't let him whisper his name 'Cause it's Voodoo, oh!

Fade into shadow, you'll burn your fortune is free, I can see it's no good Never look back, never turn It's a question of time 'till your mine and you learn

So if a stranger sees you Don't look in his eyes 'Cause he's Voodoo!

Say you don't know me, you'll burn you can refuse, but you'll lose, it's by me Say you don't want me, you'll learn nothin you do will be new, 'cause I'm through

Voodoo!

Bring me your children, they'll burn! Never look back, never turn! Cry me a river, you'll learn Voodoo!!
