

# Dionne Warwick, Friends In Love

## Friends In Love

Sometimes, lonely nights turn into sunny days.  
I never thought I'd feel this way, I never knew  
That you and I were meant to be in love.  
Oh darling, you've always been around to see me through.  
How was I to know you make my dreams come true?  
Time and time again we fall, always on our own.  
But now we're friends in love.  
Hoping that we always will be friends in love.  
Strong when we're together.  
Darling now we've got forever and a day.  
Don't you go away.

Remember, every time I cried you came to me.  
Oh much to my surprise I found someone who could see,  
Through the nights of loneliness.  
You were always there for me.  
We're friends in love.  
Hoping that we always will be friends in love.  
Strong when we're together.  
Darling now we've got forever and a day.  
Don't you go away.

You turn around, looked my way,  
I can't say that it hasn't crossed my mind.  
I'd loved you all along.  
And now we're leaving yesterday behind.  
We'll never be alone.  
Friends in love.  
Hoping that we always will be friends in love.  
Strong when we're together.  
Darling now we've got forever and a day.  
Don't you go away.

You and I are friends in love.  
Hoping that we always will be friends in love.  
Strong when we're together.  
Darling now we've got forever and a day.  
Don't you go away.
