

# Dionysus, Anthem (for The Children)

It's the same all across the nations  
The ones who suffer the most  
Always victims, always mistreated  
Not even a sign of hope  
Wonder who's gonna live tomorrow  
Wonder who's gone? insane  
Empty souls with a shell of iron  
Life is just one big pain

I see the fear in their faces  
I see the tears in their eyes

Never felt the joy of living  
Never felt quite okay  
Tell me how can they even make it  
To another day

Save a prayer for the innocent  
Their childhood's been taken? away  
It's an anthem for the children  
They're always the ones who must pay  
Save a prayer for the innocent  
It happens right here and today  
It's an anthem for the children  
To make them refuse to obey
