

# Diplomats, Let's Go

(Marvin Gaye)

I've been really tryin' baby  
Tryin' to hold back these feelings for so long  
And if you feel like I feel baby  
Come on  
Ohhh come on

Let's get on

(Little Kid's Voice)

Let's get it on nigga

(Cam'Ron)

Ah man  
Lets get it on man  
Santana you on your own man  
Lets do it man  
Dipset  
We got these bastards  
Man let's do it

(Juelz Santana)

Uh, you nigga's dealin' with a G from the block  
Yeah it's me from the block  
Quick to tell a nigga' (Let's get it on)  
But I don't really like to beef on the block  
That bring heat to the block  
I got ta' eat on the block nigga' (Let's get it on)  
Yeah you dealin' with a pimp from the hood  
Keep a chick from the hood

Quick to tell her aye (Let's get it on)

Come on

Let's go

I'm tryin' to do it so aye (Let's get it on)

I'm one hell of a guy

Fly fella' can fly

Like Scarface one hell of a high (Let's get it on)

One hell of a ride

That I ride, 23's look like the pellas' (propellers) on side (Let's get it on)

Who stuntin' like me?

Who frontin' like me?

Who did it, who get it, who done it like me?

You? (Let's get it on)

Who wishin', who frontin', who want it from me?

You? Come get it, you want it, it's nothing to me

You? (Let's get it on)

Yup, already know how I feel

When it comes to pumpin' that steel

It's like (Let's get it on)

You know with these ride boys toke time up with the cowboy ropes

So (Let's get it on)

Uh, let's get it on y'all

Uh, it's love (Let's get it on)

Hey ma, back that ass up

Lookin' back almost crashed up

So (Let's get it on)

That's love right there

Hit em' one more time

Let's get it on, on, on - (Fades till end)
