&lt;/lyrics&gt;

I couldn't return home,  
I wanted to forget the &quot;un-wavering&quot; love for you

That day from your eyes I had disappeared.  
Now what is it that I can do?

I saw you torn apart by tears  
I held you [in my arms] harder than usual, didn't I?  
But you don't change  
The now where there is no longer your love I realized  
But you I was really &quot;stupid&quot;  
Should I stop it at there?  
When I thought about you for some reason tears ran down my face.

I couldn't return home, I wanted to forget that up 'til now that I once more  
Remember even as I wanted to forget the heart that loved that hurts

I wouldn't think of hurting you at all  
That's why up 'til now I wanted to always hold you [in my arms]

Me, being overly-backstabbed by love

&quot;that which was three years past, to which I can't return to now&quot;  
Of the two of us who met, why was there something was left for you?  
If the two of us met again we would be able to continue like that to town.

I couldn't return home, I wanted to forget, up 'til now together once more  
Remember even as I wanted to forget the heart that loved that hurt  
For eternity, for eternity up 'til now together with no love  
For eternity, for eternity the love between the both of us will not return.

A thought further away than love, among the backstabbers you don't even &quot;waver&quot;...
