</lyrics>

So, in the summer morning in 1983, my loved mamma was always by my side
Say, smile at me as usual, with distorted expression in the shiny morning

Choked scruff of the mama's neck, if it is hanged from the heaven, bye-bye Mother
Silent tears, pain is deep, the flower couldn't stand and is going to fall, I'm alone

Without a Face, panting voice
Without a Face, warping voice

Now, rape me, I'm daddy's until you are SATISFIED
See, mama is looking down at us from above

My Sweet Mother, smile, my heart broke and is loughing
Deadly Sweet Mother, with hatred, nausea bloomed, I endure and wait being held

Already in the winter night in 1992, my hated dad was always by my side
Say, I burn the eyes of dad who is holding me into my eyes as usual

I thrust concealed THAT into him, deeply and strongly into the scruff of the FELLOW's neck, bye-by
Naked mama blooms in the snow scene, true red flower bloomed bloodily, I'm alone

My Sweet Mother, smile, my heart broke and is loughing
Deadly Sweet Mother, with hatred, tears streamed down my cheak and dried, and seasons withere
My Sweet Mother, smile, my heart broke and is loughing
Deadly Sweet Mother, conceived, child is crying, I endure the nausea
