A child who is born, adults who don't feel guilty, being fallen
Nameless me, though I don't understand why I'm here
Not knowing my life was for several months...

I want to be loved, I want to be born, look at this womb
It's 2nd months since I gained consciousness, I felt that something was early
I can't do anything yet, by and by the plug...

Incomplete me was raked out, pain went through my body
Mother's screaming voice, buzzing in my ears doesn't stop
Adults with white gown scooped me up
Bloody me without right hand appear in their cold-blooded eyes
I was wrapped in the black vinyl as I am

I think while I gradually lose consciousness, silently
I'll be satisfied if you can love me of Cage, can't forgive

I should die as I am because I am not loved
Therefore I sleep silently without the first cry
I want to feel the mother's love only once with this hand
This may be the love, thank you
The door what never open again, was firmly shut
But surely I am you in the future
LALALA...

Are you really want to?
Yes
How many children do you?
First
I have killed countless children
Can you forgive me?

.....

I ask you again
Are you really want to?
Yes
Are you ready?
Yes
So, let's start

My body is completely burnt and burnt until my borns become lost
Good-bye
