</lyrics>

There is no where these two can go
Having their backs to each other
They can not even hear the sounds of the rain
That powers heavily
They walk with their backs to each other
Where will they go?
One by one their footsteps disappear

I don't want to part from you, but
Your words stab my heart
Do you see?
I don't want to part from you, but
The waves are erasing your footsteps one by one

Change me into a memory and head to the new ocean
I wish you happiness from the heart
There is happiness behind the tears
But behind the tears
You are not there

I don't want to part from you, but
Your words stab my heart
I don't want to part from you, but
The waves are erasing your footsteps one by one

Spring, Summer, Autumn, Winter
With the seasons
Maybe it's too late
But i want to hold your hand

Spring, Summer, Autumn, Winter
With the seasons
Sometime there will be a meeting
Sometime there will be a farewell
And a meeting with you.
