

Discharge, In Love Believe

Speed The Day
Peace And Love Arise
From The Darkness
Dread And Drear
From The Pit
This Pit Of Hate
For This Day Strive
For This Day Strive

Go On Loving
On And On
Go On Loving
On And On
In Love Believing
In Love Believe

Keep The Candle Burning
Maybe One Day
We'll See Things The Same
Don't Be Afraid
No Don't Be Afraid
Afraid To Care
Open Wide
The Door To Your Heart

Extend The Kind Arm Of Infinity
All Over The Human The Human Sphere
Release Release Our Troubled Hearts
And Grant Our Children Our Children Peace
