

Discover America, Call It In The Air

There are a lot of things you never say
I read between the lines
I admit at times I've been unclear
I'm coming clean
This time next year

They say the more you love
The less you know
And there are places we should never go
And things I should not have to know about

Call it in the air
Stop pretending like you care
Just take it all
Or leave it there
But just call it in the air

We were stuck together
Like two kids caught in a fire
We were stubborn
Or too stupid
Or too scared
To get out
So what can I say?
What can I say?
I can't think of one good reason
To get up and walk away

Call it in the air
Stop pretending like you care
Just take it all
Or leave it there
But just call it in the air

You're so in love
But can't commit

You're so in love
But can't commit

Call it in the air
Stop pretending like you care
Just take it all
Or leave it there
But just call it in the air
