## Dissection, The Somberlain

I fell deeper and deeper as light now was gone I could feel the dark embrace my soul Agony was no more, and so was pain At this point of solitude I knew I was there There where I belong Thus far a long journey through my souls infinity It has been a journey far beyond mortality I have found what I wanted, tranquillity I'll thrive on evil, eternally I flew over crystal ground My existence, numb Over orchards of grievance, sorrow and tears This beautiful silence calls me now Black fog devours me but I can see it all The monument of my past, this land of seven horizons before my eyes I reach the land of spiritual rest Its the dawn of descending - I am the Somberlain down to evil divine domain Lord of infernal, gather my strength Carry me through the gates Its the dawn of descending - I am the Somberlain down to evil divine domain For Im eternal night - Im the Somberlain Precede my evil divine domain
