

# Dissection, Xeper I Set

Master - Typhon - Apophis  
Dweller beyond the seven stars  
Crowned red king - Set-hen - Amam of the eternal black skies  
Thou art the rayed one - Erbeth - Saatet-ta  
Lord of the shining force of night  
The Wrathful majesty - Bolchoseth - Hau-hra of anti-cosmic might  
Calling upon thee amidst the chaotic angles  
I'm praying that thou, o ancient one,  
Wilt deign to bless my Satanic magic  
And to bestow upon me thy Acausal light  
O fiery lord of the black sun,  
I seek the bloodstained grail of gnosis  
So that I may crush the archons' cosmic lie  
Break the laws of Maat  
With a glance of thy all seeing eye  
I invoke thee, possessor of all hidden keys  
God of the unknown and the lawless ecstasies  
Initiate me, thy most faithful child  
In the darkest of mysteries and all pleasurable crimes  
Xeper, Xeper-I-Set  
Xeper, Xeper-I-Set  
Xeper, Xeper-I-Set  
Xeper-I-Apep  
I am the cruel one, Isfet lives in me  
I am the power and total victory  
I'm the murderer, who refuses to submit  
I am the opponent, the sworn enemy  
I invoke thee....  
I become thee,  
I am one with he who grants me the freedom which I seek  
The tunnel of darkness reveals the light  
As I enter the desert - The desert of Set - The kingdom of eternal night!
