Shout, shout Let it all out These are the things I can do without Come on I'm talking to you so come on

Shout, shout Let it all out These are the things I can do without Come on I'm talking to you so come on

In violent times You shouldn't have to sell your soul In black and white They really really ought to know (Just don't know) Those one track minds Who took you for a working whore Kiss them goodbye You shouldn't have to jump for joy You shouldn't have to shout for joy

Shout, shout Let it all out These are the things I can do without Come on I'm talking to you so come on

They gave you life And in return you gave them hell As cold as ice I hope we live to tell the tale I hope we live to shout the tale

Shout, shout Let it all out These are the things I can do without Come on I'm talking to you so come on

Will you never shout I feel it building, are you ever gonna let it all out? (x4)

And when you've taken down your guard if I could change your mind I'd really love to break your heart I'd really love to break your heart

Shout, shout Let it all out These are the things I can do without Come on I'm talking to you so come on

I'd really love to Shout, shout Let it all out These are the things I can do without Come on I'm talking to you so come on

Come on let me shout Shout let me Come on let me shout, shout Come on let me shout Shout let me Come on let me shout, shout
