

# Diverson & Soldberg, Heart (ft. Pati Mali)

Sometimes  
You are someone who find me  
Someone to grab my hand  
And take you to the promise land

Go  
It's open your eyes  
It's deep inside  
In your mind  
You have to open your heart  
Open your heart  
Open your heart  
Open your heart

Sometimes  
You are someone who find me  
Someone to grab my hand  
And take you to the promise land

Don't  
Just open your eyes  
It's deep inside  
In your mind  
You have to open your heart  
Open your heart  
Open your heart  
Open your heart
