

Divine, All You Need

Chorus

I can be all that you need

If you're ready

Let me show you just how sweet it can be

You and me

We can be if your mind and heart's ready

Baby let me be the one you need

I'm made of things that's nice

Like chocolate, sugar, spice

The kind of quality that's rarely seen

Oh babe

To put you in the zone

I'm the kind that you take home

To meet your family

Fulfill your every want and need

Slowly, gently, softly

Baby close your eyes

Open your mind to what's in store

I'll take you on a

Magic carpet ride into my world

So you can see that I'm the one you need

I can be all that you need

If you're ready

Let me show you just how sweet it can be

You and me

We can be if your mind and heart's ready

Baby let me be the one you need

I can't explain the way

You make me feel inside

I know you feel it too

And when I'm all alone

You call me on the telephone

Boy I'm just hooked

On you

Slowly, gently, softly

Baby close your eyes

Open your mind to what's in store

I'll take you on a

Magic carpet ride into my world

So you can see that I'm the one you need

I'll show you love

Like none you've ever experienced

It's now or never

Cause you'll never

Find another love like mine

I can be all that you need

If you're ready

Let me show you just how sweet it can be

You and me

We can be if your mind and heart's ready

Baby let me be the one you need

I can be all that you need

If you're ready

Let me show you just how sweet it can be

You and me

We can be if your mind and heart's ready

Baby let me be the one you need

I can be all that you need

If you're ready

Let me show you just how sweet it can be

You and me

We can be if your mind and heart's ready

Baby let me be the one you need
