

# Divine, I Never Thought

Verse 1:

Standing with your boys on the corner  
I see them look at me walking by  
But they don't understand how I'm feeling  
'Cause boy you are the apple of my eye

Chorus:

I never thought No never  
That I'd find someone to love me like you do  
I never thought In a million years  
That you would make every one of my dreams  
Come true

Verse 2:

Baby, there ain't no need for you to worry  
'Cause you can turn your back on me  
You know that I'll still be waiting  
Right under the sycamore tree  
You're all I see/ You're all I see  
I won't let nobody ever  
Come between you and me  
See/ You're all I see  
Everytime they step to me  
I don't pay them any mind  
It's all about you and me

Chorus:

I never thought No never  
That I'd find someone to love me like you do  
I never thought In a million years  
That you would make every one of my dreams  
Come true

Verse 3:

You're all I see/ You're all I see  
I won't let nobody ever  
Come between you and me  
See/ You're all I see  
Everytime they step to me  
I don't pay them any mind  
It's all about you and me

Verse 4: (Rap)

As clear as the sea Blow around tropical breeze  
I see only we seven seas Seven stars  
Cooling at the park Down in Nassau just think  
You and me, love say it's all,  
Move your lips slow Come close to my ear  
It's here my dear Where your fears come clear  
There's a little time left  
To escape and make the best  
All I see is three to complete  
Making sweet sugar, honey,  
All I see all we need, The true life is when  
We can just be

Chorus:

I never thought In a million years  
That you would make every one of my dreams  
Come true  
I never thought No never  
That I'd find someone to love me like you do

Repeat Chorus until fade
