

# Divine, Native Love (Step By Step)

Dance-ah feel the heat  
Rock your body to the native beat

chorus  
Step by step  
Slowly I turn  
Step by step  
Come on

Well here I am I got the beat  
I'm gonna rock to the rhythm of the body heat  
Come on now let's have big fun  
Rock to the rhythm let's get undone.

I've achieved my teenage dream  
'cause love was on my mind  
This native love is restless  
And I'm just not satisfied.

And I'll never get enough  
Of that native love.

(chorus)

My car is my Ferrari and my body's Jack LaLanne  
My clothes are by Armani and my hair is by Elaine  
Tiffany and Cartier are telling me the time  
This native love is restless and I'm just not satisfied.

And I'll never get enough  
Of that native love

Dance ride feel the heat  
Rock your body to the body heat.

What it looks like  
What it is  
Say pungra, jungra  
Say damn to the thungra

(chorus)

This native love is restless  
And I'm just not satisfied  
This native love is restless  
And I'm just not satisfied

Hey GQ man, here I stand  
For everyone to see  
And if I'm not your type, well that's alright  
'cause that don't matter to me.

Got the rhythm and the rhyme  
I'm right on time  
I'm gonna blow your mind  
This native love is restless  
And I'm just not satisfied.

(chorus)
