

# Divinity, Methodic

Another forgotten melody  
Without a search for harmony  
A set out sign that its all  
All to systematic!  
Methodize my dreams into categories  
Short lived stories  
Lost  
Chromatic slow progression  
Out of reach destiny  
Don't you ever deny what's inside  
or what you see  
System denied  
The electric. The pain becomes erotic  
Methodic. the War becomes genocide
