

# Dixie Chicks, So Hard

Back when we started  
We didn't know how hard it was  
Living on nothing  
But what the wind would bring to us  
Now we've got something  
I can imagine fighting for  
So why is fighting all that we're good at anymore

And sometimes I don't have the energy  
To prove everybody wrong  
And I try my best to be strong  
But you know it's so hard  
It's so hard

It's so hard when it doesn't come easy  
It's so hard when it doesn't come fast  
It's so hard when it doesn't come easy  
It's so hard

It felt like a given  
Something a woman's born to do  
A natural ambition  
To see a reflection of me and you

And I'd feel so guilty  
If that was a gift I couldn't give  
And could you be happy  
If life wasn't how we pictured it

And sometimes I just want to wait it out  
To prove everybody wrong  
And I need your help to move on  
Cause you know it's so hard  
It's so hard

It's so hard when it doesn't come easy  
It's so hard when it doesn't come fast  
It's so hard when it doesn't come easy  
So hard

I can live for the moment  
When all these clouds open up for me to see  
And show me a vision  
Of you and me swimming peacefully

Last night you told me  
That you can't remember  
How to feel free

It's so hard when it doesn't come easy  
It's so hard when it doesn't come fast  
It's so hard when it doesn't come easy, easy

It's so hard
