## Dixie Chicks, Too Far From Texas

\*Stevie\*
Theres a plane its
Headed for London
24 hours more
And hell be on it
And I cant show my love
And I cant stop it
No I cant stop it

Theres a house there Somebodys waiting Somebody elses arms will wrap around him In that moment What will he think then When I cant touch him

REFRAIN (Natalie & Description of the state of the state

\*Natalie\*
In a room just
Outside of Houston
Thats where I spend my nights
Trying to get through to him
He says hes coming back
In every letter
But he might never
No he might never

## **REFRAIN**

\*Stevie & Does he know how long
Ive waited for this love to come
Does he know Im holding on
And that wont change no matter where hes gone

## **REFRAIN X 2**

\*Stevie & Damp; amp; Natalie\*
Couldnt I, couldnt I wait
Couldnt he, couldnt he stay
One more day
Couldnt I, couldnt I wait
Couldnt he, couldnt he stay
One more day
