

Dizmas, So Long My Friends

Close call, that's all and now I crawl
From my hiding place
I'll hide my face while you stand by my side
While you stand by me
Did you know that what you said
never meant a thing to me
'Cause I need something to see?
Close call, that's all and now I need you
It's all right, it's all right, and it's all right

You stand by my side
So long my friend, today's your day
To be one in a million or
Just like the millions, my friend
So long, farewell,
For you have chosen to save yourself
Save yourself again

It's in you
Save me from myself
Speak to me, speak to me
I'm so far away
Speak to me, speak to me
Aren't you proud of me?
save yourself...you can't
