

Dizzee Rascal, Sittin' Here

[Intro - Dizzee Rascal]

Lay back

Still Live-O

Get me (tryin to do my thing man)

Clear

(real round' here)

Get me wagwan

Uh

Roll Deep alive

Uh

Live-O

Look, yo

[Verse 1]

I'm just sittin' here, I ain't sayin' much I just think

My eyes don't move left or right, they just blink

I think too deep and I think too long

Plus I think I'm getting weak

Cause my thoughts are too strong

I'm just sittin' here, I ain't sayin' much I just gaze

I'm looking into space while my CD plays

I gaze quite a lot, in fact I gaze always

And if I blaze, then I'll just, gaze away my days

[Chorus 1]

Cause it's the same old story, shutters, runners, cats and money stacks

It's the same old story, ninja bikes, gun fights and scary nights

It's the same old story, window tints and gloves for finger prints

Yeah it's the same old story, police investigate, now the area's bait

Cause it was only yesterday, we was playin' football in the street

It was only yesterday, none of us could ever come to harm

It was only yesterday, life was a touch more sweet

Now I'm sittin' here thinking wagwan, wagwan, wagwan

[Verse 2]

I'm just sittin' here

Yo, I'm just sittin' here

Yo, I'm just sittin' here

Yo, I'm just sittin' here

Look, yo, I'm just sittin' here, I ain't sayin' much I just watch

I really don't feel like moving so I crouch

I watch all around, I watch every detail

I watch so hard I'm scared my eyes might fail

I'm just sittin' here, I ain't sayin' much I just smile

It's funny cause I haven't bust a smile for a while

I'll smile for a minute and I'm smiling an hour

I'm scared cause it's sweet but it could turn sour

[Chorus 2]

Cause it's the same old story, chung intelligent yaps in hospie flats

It's the same old story, benefit claims and checks in false names

It's the same old story, students truant learn the streets fluent

It's the same old story, strange, there's no sign of positive change

Cause it was only yesterday, we was standin' firmly on our feet

It was only yesterday, girls were innocent, they kept us calm

It was only yesterday, there was less bobbies on the beat

Now I'm sittin' here thinking wagwan, wagwan, wagwan

[Verse 3]

I'm just sittin' here

Yo, I'm just sittin' here

Yo, I'm just sittin' here

Yo, I'm just sittin' here

Yo, I'm just sittin' here, I ain't sayin' much, I'm just vexed (shame)

I see a lot of bullshit, I wonder what's next

I'm vexed at humanity, vexed at the earth

I keep gettin' vexed, till I think, what's the worth?

I'm just sittin' here, I ain't sayin' much, I feel to cry

I'm sittin' here depressed and I, don't know why

I try to pull myself together, told myself, Fix Up
And I keep myself from bawlin' but my eyes, they erupt

[Chorus 3]

Cause it's the same old story, crazy boys keep gettin' on my nerves
It's the same old story, police don't give me no peace
It's the same old story, friends slowly driftin' from the ends
It's the same old story, I'm sussed, there's nobody I can trust
Cause it was only yesterday, after school we'd come outside and meet
It was only yesterday, it was all love back then
It was only yesterday, every sunny day was a treat
Now I'm sittin' here thinking wagwan, wagwan, wagwan

[Outro]

Yo, I'm just sittin' here
Yo, I'm just sittin' here
Yo, I'm just sittin' here
Yo, I'm just sittin' here
