

# Dizzy Mizz Lizzy, Find My Way

I'm  
watching myself cry  
Well I  
Just I'm on that side  
And I  
Take it by surprise  
And I apologise  
Cuz I will always find my way

I  
Think I found the way  
So stay  
You can make my day  
And I'll  
I'll stop claiminess  
And I apologise  
I really need to find my way

You can see  
what that will be  
Time on a questions  
Love in a mention  
as it was

You can see  
what that will be  
Find is a testus  
Last thing impression  
as it was  
But until they find you there  
I will swear to take care  
And I'm fighting you all for you

Im  
Trying to comply  
But I'm  
Just a passified  
Ohh I  
Sometimes I'm alright  
With sealove through my eyes  
Cause I will always find my way

You can see  
what that will be  
time on a distance  
love in a mention  
as it was

You can see  
what that will be  
Find is a testions  
Last thing impressions as I was  
But until they find you there
