

DJ Antoine, Underneath

Fallin' again
I try to stand up
My back on the wall
No place to hide, seems like theres no way out
Out of myself
Underneath, underneath i'm calling for
One more chance
To believe
Burning down under lies
I've almost found the
Safe at last
Underneath, yeah
Underneath
One step, one breath
Wanna feel closer
Getting far away
Wish i could see
Wish i only realized
I'll never be the same
Be the same, again
Underneath, underneath i'm calling for
One more chance
To believe
Burning down under lies
I've almost found the
Safe at last
Underneath, yeah
And i'll survive
I'll survive
Underneath
Fallin' again
I try to stand up
My back on the wall
Wish i could see
Wish i only realized
I'll never be the same
Be the same, again
Underneath, yeah
Underneath, underneath i'm calling for
One more chance
To believe, yeah
Burning down under lies
I've almost found the
Safe at last
Underneath, yeah
