

# Dj Assad feat. Vincent Brasse, For Your Eyes

It's gone when you've done it  
Gone where you want it to be  
It's all in your mind  
When you get it it's hard to let it be  
Burning in your mind this feeling  
Your heart is beating free  
It's all in front of your eyes  
your body is fighting to make it free  
It's all for your eyes

And I don't want to feel the things I have to...
