Another Night Without You
Another Night Without You

Rap 1:

Ce que tu fais, ce que tu dis
Tu me transporte dans une nouvelle galaxie
Tu a change ma vie, ou est le paradis
Je suis seul aujourd'hui toute la nuit
You walked out that dore, Im lonely
Cause youre the only one, the one and only
I need you - in the heat of the night
Concrete - I wanna hold you tight

Rap 2:

Dans tous mes reves je dance avec toi
Narrete pas de retourner chez moi
Ecoute la deuxieme voix dans la nuit
Ecoute tu as fait de moi un bandit
No vibration, provocation, domination
Just a creation of mind
Couldnt see the sign
Imagination - Im feeling fine

Rap 3:

Protege mes reves et enleve mon esprit
Tu as touche mon coeur pour toute ma vie
Aujourd'hui je suis la pour toi

Mais ou est-tu, je ne sais pas
Can you feel it, heal it, I hope you really need it
L - O - V - E, makes youre feeling free
Open your heart and youll see
The fire of passion inside of me
