DJ Bobo, Feel The Heat

Refrain:

You got it ever - heart - forever Feel the heat I'm burning deep inside and Feel the beat Of my heart Feel the heat I'm burning deep inside and Feel the beat Of my heart

D.J.BOBO:

People in the place lets talk about
So get on the floor and turn it out
Everything that change it goes round'n'round
You loose control when you hear my sound
Everything that change it goes up'n'down
To the rhythm of the night and to the ground
Dance in the house and you wont let go
Like a symphony
In stereo-ere-o

Refrain:

You got it ever - heart - forever Feel the heat I'm burning deep inside and Feel the beat Of my heart Feel the heat I'm burning deep inside and Feel the beat Of my heart

D.J.BOBO:

Its the groove that makes you wonder
I mean the beat and the bass like thunder
I make you sweat
I make you wet
This is my mission that i got to get
That's great
Like boom boom
Bring the sound and the noise to the room
Get on the floor now don't be lazy
Get on the floor now lets go crazy

Refrain:

You got it ever - heart - forever Feel the heat I'm burning deep inside and Feel the beat Of my heart Feel the heat I'm burning deep inside and Feel the beat Of my heart You got it ever - heart - forever Feel the heat I'm burning deep inside and Feel the beat Of my heart Feel the heat I'm burning deep inside and Feel the beat Of my heart

D.J.BOBO:

People everywhere shake their hair Shake it in the air oh yea Its music from my mind And the bass will let it shine You got no time to realize my rime The lyrics are fine What's mine is mine Let it shine Like a sign Sign of the time when you're feeling fine
