

# DJ Bobo, Let's Come Together (We Are Family)

Chorus:

Let's come together  
We're singing for the world  
Unite forever  
We are family  
Let's come together  
We pray for peace on earth  
Love lasts forever  
We are family

Chorus B:

Come and sing this song  
This song of joy  
We are one family  
Come and sing this song  
This song of joy  
We are one family

Vers 1:

Now - we can reach so high  
We can touch the sky  
Whenever, wherever  
Now - hand in hand we stand  
All across the land  
Let's come together

Vers 2:

It's time - time to live and learn  
We can make this turn  
We're gonna change it  
This world - can be a better place  
For the human race  
For now and forever

Bridge:

I see a new horizon in my view  
For me and for you, for me and you
