

# DJ Bobo, Love Is All Around (Hyper NRG Mix)

Refrain:

Love is all around  
Love is all around  
Love is all around  
Love is all around  
Everywhere you look  
Love is all around  
See it in the eyes of a mother  
and her child  
See it in the eyes of a friend  
Love is all around  
Love is all around  
Love is all around

My heart starts boom  
My arms feel weak  
My head is exploding  
Everyday of the week  
I can't eat I can't sleep  
'Cause your body's so sweet  
Put your hand to my heart  
Then you feel the beat  
You're the wonderful girl  
With that sexual healing  
When I hold your hand  
I get this feeling  
You're the only one  
feel so proud  
Sweet, sweet girl  
your love is all around

Refrain:

Love is all around  
Love is all around  
Love is all around  
Love is all around  
Everywhere you look  
Love is all around  
See it in the eyes of a mother  
and her child  
See it in the eyes of a friend  
Love is all around  
Love is all around  
Love is all around

I'm dancing, and I feel like flying  
Then I see this girl, she is crying  
I take her in my arms  
It's like a dream  
The most beautiful girl in the world I've seen  
Look up to me  
I see it in your eyes  
The moment of truth  
No more lies  
It's love, love at the first sight  
Like heaven on earth, it's shining bright

Refrain:

Love is all around  
Love is all around  
Love is all around  
Love is all around  
Everywhere you look  
Love is all around

See it in the eyes of a mother  
and her child  
See it in the eyes of a friend  
Love is all around  
Love is all around  
Love is all around

My heart starts boom  
My arms feel weak  
My head is exploding  
Everyday of the week  
I can't eat I can't sleep  
'Cause your body's so sweet  
Put your hand to my heart  
Then you feel the beat  
You're the wonderful girl  
With that sexual healing  
When I hold your hand  
I get this feeling  
You're the only one  
feel so proud  
Sweet, sweet girl  
your love is all around

Love is all around  
Love is all around  
Love is all around  
Love is all around  
Everywhere you look  
Love is all around  
See it in the eyes of a mother  
and her child  
See it in the eyes of a friend  
Love is all around  
Love is all around  
Love is all around
