

# DJ Bobo, Somebody Dance With Me (Feat. Manu-L)

I've got this feeling somebody dance with me  
Somebody dance with me  
I've got this feeling somebody dance with me  
Somebody dance with me

I'm back again on a higher stage  
Listen to my party beat and get in rage  
'Cause you know when I flow and I show you so  
Which way is better, which way you got to go  
To make a fun house party or noddy  
You gotta check this out yo la da di  
There's a party over there with glammers and glare  
So dance and move you - pump that body  
Move your body up and down  
Side to side it is party time  
Yeah that's right we're dancing tonight  
'Till the sun is coming and the sky is bright  
Then we are coming to an end like you understand  
That I'm a party man did the best I can  
To make you laugh again now I'm out of the scene  
Ahahahah

Another time, another place  
Another rhyme done for every race  
In your case we're getting rough,  
I'm not going to stop until you get enough  
'Cause you groove back and forth, forth and back  
Then you see it yourself it's like a heart attack  
My rhymes are a combination, infiltration,  
Situation all over the nation  
Like round and round, upside down  
Living my life 'till your feet are on the ground  
Then put your hands up in the air  
Wave them like you just don't care  
And if you are ready to rock, then rock with me  
Somebody say oh yeah, oh yeah  
Oh yeah, oh yeah

Now it's just the time I think you are with it  
So make some room and space just to hit it  
Move, move that body  
Ba didely didely di, yeah we make a party  
To the B to the O to the B to the O  
Wanna rock your body wanna rock your soul  
But I never ever said - I do it better  
Just know the time - yes I'm clever  
The way you had expected, your heading for the end  
Right that was another story from the party man and his clan  
They will come again show and improve you, it's not the end  
It's a jam session, my confession  
And truly hard yeah one obsession  
But the joke is over you know what I mean  
The party is gone, I'm out of the scene!
